La partition entre télévision publique et télévision privée correspond davantage à un mythe qu'à une réalité et si la télévision publique a réussi pendant quelques décennies à échapper aux diktats de l'économie de marché, elle a très rapidement subi les pressions des politiques qui s'en sont fait l'écho. L'éloge fréquent de la BBC pour son courage, son engagement et sa probité peut toutefois et à de nombreux égards tout aussi bien s'appliquer à la télévision privée, comme le prouve d'ailleurs la diffusion de *Death of a Princess* par ITV qui suscite l'une des plus importantes crises diplomatiques entre le Royaume-Uni et l'Arabie saoudite.
